

ON THE MARK TIMING, LLC

A Picture is Worth .000 Words, Make Sure You Capture it with Confidence.

About Us:

On the Mark Timing LLC has been providing professional, accurate, and reliable timing and data management services for all levels of track and field as well as cross-country competitions throughout the Midwest since 1996. No matter what size meet you have we can ensure you have a professionally run meet that meets your needs. We have provided services for college, high school, USATF-JO, AAU, and the Hershey Youth Program including the NCAA DIII Indoor Championships in 2007, 2009-2011 and 2011 Outdoor Championships.

Services:

We offer a fully automatic and redundant timing system to ensure quality. We utilize an inventory of six timing enabled cameras (including the latest in Camera Technology, with the Lynx Hi-Resolution, Color, Vision Cameras) to give you flexibility in meet setup. Our full color 1 meter x 2 meter video display gives great versatility in displaying running time, results and team scores. We also offer scoreboard interfacing with ResultTV if you want to utilize your venue's video or display board, and we run live results on our website so you can stay up to date no matter where you are.
